

Supplemental Type Certificate

Number SA2912SO

This Certificate issued to Delta Airlines, Inc.
Hartsfield Atlanta International Airport
Atlanta, GA 30320

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product - Type Certificate Number: A22WE
Make: McDonnell Douglas
Model: MD-11

Description of Type Design Change:

Installation of an Collins Data Link System in accordance with Delta Airlines Engineering Report No. 8-61642-20, Revision E, dated 8/8/95, or later FAA approved revisions.

Limitations and Conditions: This approval should not be extended to other airplanes of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will produce no adverse effect upon the airworthiness of that airplane.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: November 30, 1990
